EDUCATION

Bachelor of Engineering in Chemical Engineering 2019 - 2025

Tribhuvan University, Pulchowk Campus, Nepal

Relevant Coursework: Thermodynamics, Heat & Mass Transfer, Fluid Mechanics, Transport Phenomena, Chemical Reaction Engineering, Chemical Engineering Design, Modeling and Simulation in Chemical Engineering, Process Economics and Plant Design, Instrumentation and Process Control, Maintenance Engineering and Safety, Food and Beverage Engineering, Pharmaceutical Engineering, Environmental Science & Pollution Control.

WORK EXPERIENCE

Production and Quality Control Engineer 09/2024 - 04/2026

Pride Dairy & Beverage Industries PVT.LTD. — Bhaktapur, Nepal

- Conducted chemical and microbiological testing (fat, SNF, acidity, MBRT)
- Monitored processing parameters and ensured product quality standards
- Followed GMP and hygiene protocols in compliance with national regulations
- Supported coordination between production and maintenance teams

Process Engineer (Acting Production Manager) 05/2024 - 10/2024

Kathmandu Bottles Pvt. Ltd. — Kathmandu, Nepal

- Assisted in daily bottling line operations and production planning
- Monitored hygiene and quality standards (HACCP, ISO 22000)
- Supported basic equipment maintenance and troubleshooting
- Managed inventory of raw materials and coordinated dispatch

Process Engineer Intern 11/2023 - 12/2023

Kathmandu Milk Supply Scheme (DDC) – Kathmandu, Nepal

- Performed material and energy balance calculations in dairy processes
- Conducted quality control tests (fat, SNF, acidity)
- Assisted in Cleaning-in-Place (CIP) operations and equipment maintenance

PUBLICATIONS

Published:

- Physio-chemical analysis of water from different altitudes of Kathmandu Valley, Nepal
International Journal of Energy and Water Resources 2024

Submitted / Under Review:

- Techno-Economic Feasibility and Process Simulation of Chemical Looping Combustion for Coal in Developing Economies: A Case Study of Nepal
Energy for Sustainable Development 2026

In Preparation:

- AI-assisted energy-efficient removal of pharmaceutical contaminants from wastewater

CERTIFICATIONS

- **Project Management Foundations:** Project Management Institute (PMI)
- **Energy Resources: Solar Energy:** University of Geneva (Coursera)
- **Business Analysis and Process Management:** Coursera Project Network

PROJECTS MANAGEMENT | FREELANCE

Country Program Manager 10/2023 – Present

Des Elles Pour l'Education (Humanitarian NGO) — Nepal / France

- Coordinated logistics and operations for educational initiatives
- Managed communication with international stakeholders

Freelance Videographer & Visual Creator 03/2020 – Present

Kathmandu, Nepal

- Managed full-cycle commercial media production (scheduling, shooting, and technical post-processing) for B2B and corporate clients.
- **Portfolio:** [Website](#)

Event Coordinator and Manager 08/2023

Pulchowk Music Club and Research Center — Lalitpur, Nepal

- Supported event planning and team coordination

EXTRACURRICULAR & VOLUNTEERING EXPERIENCE

Basketball Referee 12/2022 – 07/2023

Inter-Collegiate Tournaments — Kathmandu, Nepal

SKILLS

- **Process Engineering:** Material & Energy Balance Calculations, Process Simulation & Plant Optimization, Reactor & Equipment Design, Piping and Instrumentation Diagrams (P&ID)
- **Laboratory & Quality Assurance:** Analytical Chemistry & Physio-chemical Water Analysis, Quality Control (QA/QC), Quality Auditing, Plant Safety, MSDS Compliance, ISO 22000, HACCP & GMP, Industrial Cleaning-in-Place (CIP) Operations
- **Plant Operations & Project Management:** Production Optimization & Machinery Troubleshooting, Logistics Management, Dispatch, and Supply Chain Coordination, Scope, Time, and Investment Risk Management, Cross-Cultural Leadership & Crisis Management
- **Technical & Media Software:** AutoCAD, DWSIM, Aspen Plus, Davinci Resolve, Canva, Adobe Creative Suite, Microsoft Office.
- **Languages:** German: A1 Level, English: CEFR Level C2, Nepali: Native, Hindi: Fluent, French & Japanese: Basic / Conversational
- **Soft Skills:** Technical Communication, Problem Solving, Crisis Management, Workflow Troubleshooting
